Good Friday
26/27 March  
Easter Holiday
30th March  
Principal’s Challenge
8th April  
ANZAC Ceremony

Meet Your Room 15 Student Representatives!

...I firmly believe that my ideas will make our school the best place it can be. Here are some ideas. ...WORK: I will work to 120% and try my best at all times and when I am asked to do a job I will do it positively and with a smile. If you put your trust in me the job will get done... By Doyle

...I would give my lunchtime to help around the school. I have many ideas that I think would benefit the Students, Staff and wider community. I would like to try my ideas out.
But why should you vote for me?
I firmly believe that I will be a great student rep, because I am a sensible, respectful, and friendly student. I love to help out in the art room and I would be happy to help out anywhere else too... By Nina

...Ever since I arrived I have been excited for the opportunity to become a Student Rep. I have looked to all the Student Reps. that have helped me through my hard-working life of school at both Wattle Grove and previous schools...

Why should you vote for me? I vow to end all homework. Nah! Just kidding. I can’t do that, but I passionately believe that I have the qualities that would make an excellent Student Rep..

By Samara

...In this position I assure you that I will contribute and work hard on my behalf to make us a happy community. I will always be open for helpful ideas and do everything in my power alongside with the other student reps to make this school the best it could be. ... By Namita

... I strongly believe that I would make a great Student Rep because I do my homework every night and I carry out lots of responsibilities at home. I am very friendly and am always willing to lend a hand. I am responsible friendly and hardworking for example, when someone is in need of help I will always lend a hand and be a friendly caring person which is one of the qualities a Student Rep must have... By Skyler

I have been a student of Wattle Grove Primary School for 7 years and enjoyed every second of it. And in my time I have witnessed many wonderful past student reps come and go by, and have eagerly been waiting for my turn. I can bring forward multiple and beneficial ideas that will serve as advantage to students, staff and even the Wattle Grove Community... By Syreeta

...I have been waiting for this opportunity. But why would you vote for me?
I will be there for others and help them with their injury or problem.
I will show respect to my teacher and other students I would treat students as I would want to be treated myself... By Elyas
Science

We are studying Biology this term. To begin with we are looking at plants and how their environment affects their growth. We are extending our vocabulary with scientific words, eg. Transpiration & evaporation.

Mathematics

In our maths rotations we are developing our mental maths skills by playing Numero. We have also been looking at squared and other numbers with powers. We investigated cubic numbers using cubes.

From the Teacher's Desk

Our class has settled down to work quickly and are taking their new responsibilities seriously. We are promoting good citizenship and what that means at home, school and the wider community. This work will form part of the student’s citizenship portfolio.

All students wrote a speech to persuade our audience why they should be selected as a Student Representative. Congratulations to the first group of students – Syreeta, Samara, Skyler, Doyle, Elyas, Namita and Nina who will be the Student Reps. From Room 15 For Term 1.

Thank you to all the parents who attended the information evening, it was lovely to see so many parents and carers. Those parents unable to attend should have received a handout with the class information and Literacy and Numeracy standards for your child. Please let me know if you did not receive this.

Could I please ask for your help with completion of homework or any finishing off tasks? It’s really important for students to practise maths and spelling and keep up with their reading, to improve their learning.

Mrs Joy Lowther
